## INTRODUCTION & COMPANY BACKGROUND

*The Horizon Group* is a leading provider of Industrial Products and Services to Automotive, Institutional, & Energy segment customers. Our mission is to provide these customers with the technical products, industrial services, and specialized labor that they need to succeed in their businesses. Horizon has three business units that are each committed to achieving excellence in support of our stated mission. These business units are:

We are a previous winner of the NMSDC-SRMBC Crystal Award for supplier excellence and listed as one of the leading minority owned businesses by Diversity Information Resources. Our one clear message is that The Horizon Group is here and ready to serve you.

## WHOLESALE DISTRIBUTION & VALUE ADDED RESELLING

*The Horizon Group* is a diversified supplier of products and systems to industrial customers like you. We serve some of the largest corporations in the world and we are dedicated to doing what ever it takes to exceed your expectations. In terms

of products, we carry a wide range of products from process controllers and complex systems to light curtains, proximity sensors, and electrical

products. We also have the resources to meet your special needs. From your custom metal fabrication needs to your complex systems fabrication, we have the resources and expertise to solve your problems and meet your needs. And if you need

transformers and other complex power products like UPS systems and substations, we can meet your needs. At Horizon, we work hard each and

every day to meet and exceed your expectations.

## INDUSTRIAL SERVICES REPAIR & PROJECT SERVICES

*At the Horizon Group,* our desire is to provide our customers with the operating solutions that they need to reduce total operating cost. One of these solutions is our Asset Management & Repair Program. We know that most customers

experience the failure of a key product or system on a regular basis. When this happens, repairable products are sometimes discarded and replaced with a newly purchased products. The end result is higher operating costs for you. With our AMR Program, we help you to identify repairable items and manage the process of getting these items repaired. As part of this program, we can also

provide you with some of our premium services including our monthly cost savings and cost avoidance reports and our bar coding and asset tracking services. At The Horizon Group, we are eager to work hard and here to help you succeed!

ASSET
